

NET ZERO WASTE

A LEAP START TO RESPONSIBLE WASTE MANAGEMENT

APRIL 19, 2015

THE PROBLEM

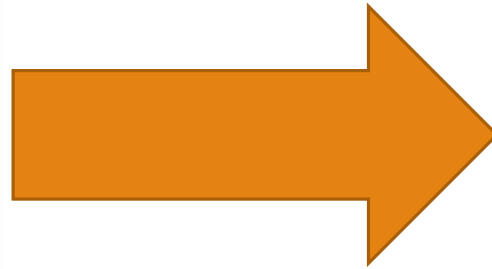

APRIL 19, 2015

Journey of Mixed Waste

Mixed Waste from our homes

Individual houses

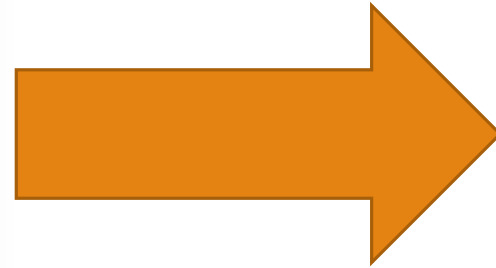

Mixed Waste from our homes

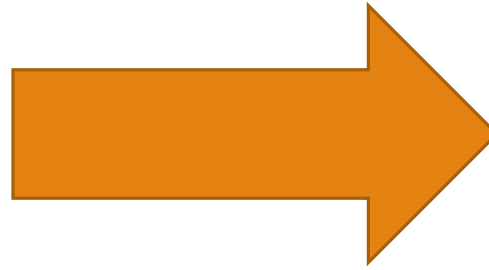

Apartment Complex

Into an Auto

Into a Tipper Lorry/Compactor

To a landfillNot too far away

Hell on Earth

Some just left at street corners

Or on empty plots

Dumped near water bodies

Or just Burnt regularly

SO WHAT ???

Mixed Garbage ...causes BLACK SPOTS

It is STINKY and looks UGLY

Mixed Garbage ... Causes pollution in the

AIR

Mixed Garbage ... Causes pollution in the

WATER

Mixed Garbage ... Causes pollution in the

SOIL

Mixed Garbage ... Makes life miserable for people....

Living near Landfills

Mixed Garbage ... Makes life miserable for people

Handling Waste

Mixed Garbage ... Makes life miserable for other beings

Is there a Solution ???

YES ! It starts with

KNOWING about our WASTE

Categories of Waste

Thank You
